AGENDA ITEM: Quality First Update on Estimated Ratings for Enrolled Providers, Providers on the Wait List, and Age Ranges of Enrolled Children

BACKGROUND: The attached documents provide an updated report of Quality First data, including enrollment data and estimated quality ratings on 770 providers.

All Quality First Ratings are based on three measures: (1) ERS- Environmental Rating Scales (ECERS, ITERS, and FCCERS); (2) Classroom Assessment Scoring System – CLASS (Domains: Emotional Support, Instructional Support, and Classroom Organization); and (3) QF Point Scale that measures Staff Qualifications, Administrative Practices, and Curriculum and Child Assessment.

Since many providers are in the process of completing one or more of the three assessments, Quality First rating information for all providers is currently labeled as an *estimated Quality First Rating*. As more providers complete all of the assessments to determine their rating and the ratings made public, the “estimated” label will be removed. Also note that providers in process of completing the Quality First Point Scale will remain at the previous star level until their actual rating is determined. This explains the low number of providers currently reflected in the 3-5 star levels, as only 5 providers have completed the Point Scale assessment to date, while many others are in process.

Since this is the first Quality First data report to the Board in FY13, we will compare the percentage change from this data report with subsequent report data for the remainder of the fiscal year. A summary of the attached reports shows:

August 2012	
770 Enrolled Providers	
41,632 Enrolled Children	
Ratings:	
1 Star:	73
2 Star:	692
3 Star:	2
4 Star:	2
5 Star:	1
